

# Joint private and public Commitments in favour of the decarbonisation of maritime transport

Friday, December 1, 2023

**Unprecedented synergies and investments from private and public stakeholders to decarbonize the shipping industry.**

**Call for targeting the highest levels of ambition of the IMO GHG Strategy to achieve Net Zero by 2050 and implementing newbuilding standards that support the energy transition.**

**Leaders of the shipping industry affirm their readiness to promote and cooperate for the establishment of a robust regulatory framework for decarbonization.**

**Concrete government's commitments to provide regulatory and financial support to the shipping industry initiatives to enable and enhance decarbonization.**
