

## Cosco Shipping beefs up Mexico container services

**Cosco Shipping Holding is launching Mexico Express service adding a more efficient shipping connection with Asia as trade with China booms.**

Katherine Si | Jun 10, 2024

The service will deploy eight vessels of 4,000 - 6,000 teu, mainly call at the ports of Busan, Dalian, Ningbo, Shanghai, Qingdao, Ensenada, Manzanillo and Ensenada.

In the first four months of this year, Mexican ports see 18.2% year-on-year throughput growth, especially from nine ports along Pacific coast, showing the enormous potential of Asia-Mexico trading. The China – Mexico trade has been described as the fastest growing container trade in the world by analyst Xeneta.
