In order to keep providing you with our global services and due to the dynamic market situation causing disruptions on global networks, Maersk has revised the Peak Season Surcharge (PSS) for all container types from Eastern Mediterranean countries (Bulgaria, Egypt, Georgia, Israel, Lebanon, Libya, Moldova, Romania, Turkey, Ukraine) to United States and Canada, effective from 15th Nov 24.

The Peak Season Surcharge levels are as follows:

Surcharge - PSS

Origin	Destination	Container Type	Currency
Eastern Mediterranean Countries (Bulgaria, Egypt, Georgia, Israel, Lebanon, Libya, Moldova, Romania, Turkey, Ukraine)	United States	ALL DRY and REEFER Container	USD

*ALL DRY includes dry containers, NOR, open-top and flat rack.

*PCD = Price Calculation Date. For non-FMC, PCD refers to the scheduled departure date of the first water leg at the time of booking confirmation for non-spot bookings. For FMC, PCD is last container gate-in date for non-spot bookings.

*For SPOT shipment, the effective date is referring to the scheduled departure date of the first water leg.

We appreciate your business and look forward to continuing working with you in the future.
