

**The ACI (Advanced Cargo Information) implementation postponed by Libya Customs until further notice**

Rules and Regulations

This update follows the prior customer advisory on the **Advanced Cargo Information (ACI)** requirement for pre-registering shipment details for all containerized imports to Libya, initially set for November 1st, 2024.

The Libya Customs Authority has now notified that the implementation has been **postponed** from the originally scheduled date of November 1st, 2024 until further notice.

For further information, please contact your local CMA CGM agency.
