

**Set Sail with Gemini Cooperation:
A New Chapter in Our Service Network Begins Today**

Dear Customer,

We are excited to announce that today marks the beginning of a new chapter as **we launch our new Gemini Cooperation** as part of our East-West service network.

Gemini Cooperation is a key enabler of our strategy to become your **Undisputed Number One for Quality**. With this partnership, we're introducing an interconnected service network that delivers:

- **Unparalleled reliability** with a target of 90% schedule **reliability** once fully phased-in across all Gemini Cooperation services
- **Enhanced connectivity** through our **innovative hub & spoke model** providing the best option for your cargo
- Accelerated **sustainability efforts** supporting the decarbonization of your supply chains

Our commitment to you is to deliver on these promises to enhance your supply chains and work together towards mutual success.

Explore how what our new network offers to you – **here's a quick guide to help you get started:**

- [Trade Brochure](#): Gain insights into the 2025 East-West Service Network.
- [Service Finder](#): Find detailed information on routes and offerings.
- [Schedules](#): Check updated schedules, port pairs, and more.

We are excited to welcome your cargo aboard and look forward to delivering exceptional service to you!

Best regards,

Nikolas

from our Customer Communications Team
