As the melon season is kicking off in Senegal and Mauritania. MSC, to support the export of this commodity all along the season, is revamping its standalone Spain to/from Mauritania and Senegal service offering new opportunities and enhanced connectivity.

Unlock the full potential of our premier shipping solutions:

- A new exclusive and direct call to Sète in France, serving the French and Italian markets;
- A direct call to Valencia, servicing the Spanish market;
- Weekly departure from Dakar and Nouakchott;
- Competitive transit times from Senegal and Mauritania to the West Mediterranean.

The service will start from Dakar as from mid-February, and rotates as follows:
